

Painting and wallpapering

The max score for the task 100

The total time available for the task is max 5 hours

Competition assignment 1.

Wallpapering

A wallpaper will be installed according to the manufacturer's instructions. Wallpapering will be done according to RATU 73-0310, **10 mm margins are left to the skirting boards. The upper edge and the lower edge are cut straight out of the edge of the board, about 5 mm from the edge.**

The wallpaper will be applied to the previously painted walls A, B and C.

The wall A is dimensioned for two wallpaper pieces. In the corners the patterns are aligned.

Competition assignment 2.

Taping and leveling

The outcorner of the D and E wall will be taped with a paper tape. (taping must not be refined before evaluation)

The vertical joint of the wall F will also be taped. The walls E and F will be over-levelled with Presto R, **leveling is applied according to the manufacturer's instructions.**

The leveled area must not be planed.

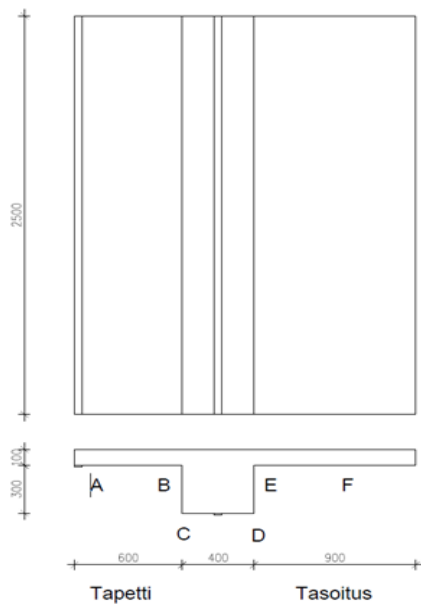

Assignment 3: The handling of a wooden bench

A wooden bench will be handled once with a Kiva 10 Matt Lacquer.

The chair seat and the step of the chair are handled in TVT 5148 colour and the other parts of the chair are handled in TVT 5146 colour.

Competition assignments must be completed within the given time. The competition must comply with all safety regulations issued in Finland (Finnish safety legislation).

Kuva 1
